## THE FACTS

COUNTRY: Austria

REGION: Burgenland

APPELLATION: Sudburgenland

## THE STORY

Armin Tement happily joined his family winery in Sudsteiermark (South Styria) in 2005. His father, Manfred Tement, had over time, firmly established Weingut Tement as a benchmark producer for Styrian Sauvignon Blanc and Morillon. Tement is specialized in making exceptional single-vineyard wines, but the flagship is the regional Sudsteiermark Sauvignon Blanc “Kalk & Kreide”. It is a blend from fifty-five sites and the name describes the main terroir, limestone and clay. Like all of their wines, the grapes are harvested by hand.
