THE STORY

Rolando started his career in the Napa Valley in 1982 as a modest dishwasher at the exclusive Auberge du Soleil restaurant. Over the span of 15 years, his resume of employers began to read like the who's who of Napa Valley—from the legendary Warren Winiarski, founder of Stag's Leap Wine Cellars, to winemaking great Paul Hobbs. Each experience was an opportunity to learn more, and with every move Rolando harnessed his work ethic with his love of farming and wine. Together, Rolando and Lorena have built their dream winery with love, passion, and a deep understanding of the art of growing exceptional grapes and crafting award-winning wines rich in character and elegance.
