THE STORY

The Azienda Agricola Il Monticello was founded in 1982 when Pier Luigi Neri, inherited a 19th-century house and a plot of land on the hills towering Sarzana, just in front of the sea. In 1994 the sons, Alessandro and Davide, intense appreciation and commitment to respect & regenerate the truly unique Ligurian microclimate, introduced their father's 12 hectares of vineyards to organic and biodynamic farming.

PHILOSOPHY: "Il vino è passione". Wine is passion.

Serve the land & nourish it naturally. No use of synthetic fertilizers, pesticides & herbicides on soil and plants.

Field preparations // Compost preparations // Follow astrological calendar for sowing, planting & production processes.
