THE STORY

Our wine-growing estate (Organic Arbois Wine) is located in Arbois, the capital of Jura wines. Our family has been working the vineyards with passion, pride and respect for over 8 generations. Today, we are fortunate to have 13 ha of vineyards in the historic Arbois PDO terroir (Les corvées, Curoulet, Sur la côte, La Touraize...), and we cultivate all the Jura grape varieties: Chardonnay, Savagnin, Ploussard, Trousseau, and Pinot Noir. Thanks to the diversity of the soil (blue marl, calcareous-clay and silty-clay marls, and rich gravel on marl) and the exposure of the plots we are able to produce numerous plot-specific blends.
