

Vina Pomal Reserva

THE FACTS

COUNTRY: Spain

REGION: Rioja

APPELLATION: Rioja Alta

CERPAGE: 100% Tempranillo

WINEMAKING: Viña Pomal Reserva Eco stands out for its fairly traditional vinification, including destemming and crushing and a moderately long maceration. After alcoholic and malolactic fermentation, the wines are racked and lightly fined before barrel aging.

THE WINE: The wine spends 18 months in American oak barrels (20% new). During this period, it is racked three times, providing a natural fining process and obviating the need for further treatments. After its stay in barrels, the wine is aged for at least two years in the bottle before being put on the market.

ALCOHOL BY VOLUME: 14.0%
