THE STORY

Founded in 2011 by John House and Ksenija Kostic House, Ovum is exclusively committed to producing the absolute best white wines Oregon has to offer from Riesling, Gewurztraminer, and Muscat. Their hope is that through this minimal handling, and honest technique, they can produce old fashioned wines for the modern world. The brilliant minds behind Big Salt and Ovum's other mind-bending white wines from Oregon now bring you a lip-smacking Pinot Noir at an unbelievable price. Being Ksenija and John House, they were presented with an incredible opportunity to showcase Reserve-level Pinot Noir at an affordable, everyday drinking price without sacrificing or shortcutting in the cellar.
