WINEMAKING: We picked in five passes to balance acid and ripeness. Macerated on skins 2–7 days. Native yeast.

ALCOHOL BY VOLUME: 12.5%

AGING: Aged in old 225L and 500L French oak, foudre, and stainless.

ANNUAL PRODUCTION: 406 cases

THE STORY

At My Dear Friends, we work with small, thoughtful growers across South Africa to make honest and expressive wines. Our vineyards sit on some of the oldest and most unique soils in the world—from sandy riverbeds to ancient decomposed granite slopes—and are farmed sustainably, often without irrigation.

We bottle everything in 1L bottles and 1.5L

“Bagnums,” because great wine deserves to be shared.

These formats go wherever you do—whether it’s a backyard BBQ, a weekend trip, or a Tuesday night at home—and they’re lighter on the planet, too. (Bonus: the pouch actually keeps the wine fresh longer.)

THE ADJECTIVES

OVERALL: A bagnum of crisp, dry, and mineral-driven orange wine

THE SELLING POINTS

SUSTAINABILITY: Green Practicing, Sustainable In Practice, Minimal Intervention / Augmentation, Natural Fermentation

PAIRINGS: Solid with anything grilled or roasted.
