

Frisk Prickly Riesling

THE FACTS

COUNTRY: Australia

REGION: Victoria

APPELLATION: Alpine Valleys

ALCOHOL BY VOLUME: 9.5%

THE STORY

Frisk is comprised of an eclectic team of winemakers located in Australia and California who believe that wine is for enjoying. They set out to hand craft delicious wine that delivers a true varietal profile and a unique prickle to it. This group is refreshingly honest about sourcing, winemaking and their first-rate wines. Frisk vineyards are located in rare terroir, high in the Alpine Valleys of Australia. The climate is a little cooler, possibly sunnier, and steeper, and likely more obscure than the places most winemakers go in search of quality grapes and unique harvests, because Frisk's Brilliantly Conceived Master Plan consists of Being Where The Grapes Grow Best and making wines that reflect the source.
